### PURDUE MUCH PLEASED

WITH LEGISLATIVE RECOMMENDA-TION FOR APPROPRIATIONS.

Primary Debate at Franklin for Kalamazoo Contest-Athletic Matters at Wabash College.

Special to the Indianapolis Journal. LAFAYETTE, Ind., Feb. 6.-There was great joy at Purdue when the news of the recommendation of the legislative committee was made known here. President refurnished their halls, and they now form Stone this afternoon said that with the exception of a \$4,000 request for general repairs to building and money for an extension to the shops, every appropriation asked for was recommended by the commission. The members of the committee were deeply impressed with the growth of Purdue. The \$60,000 recommendation for a new physics building is perhaps the most needed of all. The classes in physics are now obliged to recite in the electrical build-

assigned to them. The recommended appropriation for a heating plant is also a very important one. The present plant is not large enough to heat all the buildings and this requires the management to draw on the boilers intended for the machine and wood shops for more steam heat.

WABASH COLLEGE.

#### Necessity of Securing New Athletic Field Worries the Students.

Special to the Indianapolis Journal. CRAWFORDSVILLE, Ind., Feb. 6.-One of the most troublesome questions which will confront the trustees of the college in their meeting this month is that of locating the athletic field. Wabash has had one of the best fields in the State, but the residents of the city around the park have entered a protest against the high fence, and some of the trustees will vote for its removal. The only other location proposed is half a mile from the college and quite a distance from the central part of the city. The students are much opposed to the proposed

The chair overruled Mr. Morgan's objections and the doors were closed. Mr. Morgan, continuing his remarks in executive session, alleged that \$1,000,000 which the United States paid to Colombia would go to the insurgents who made peace last year. When open session was resumed Mr. Morgan predicted that if the United States continued its policy with reference to the construction of an isthmian canal war with Colombia was inevitable. In beginning his speech Mr. Morgan explained the object of the resolution and said that if adopted it would prove or disprove all of the allegations made in the press of Colombia and the United States that at the time of the settlement of the insurrection for peace, the amount to be paid out of the sum obtained from the United States for the sale of concessions relating to the isthmian canal. ### NAVAL APPROPRIATION BILL.

#### It Provides for Doubling the Present Number of Naval Cadets.

WASHINGTON, Feb. 6 .- The naval appropriation bill reported to the House carries \$79,406,420, or \$6,142,089 less than the estimates submitted by the Navy Department. The current appropriation is \$78,856,-363. In addition to the provision for the cases. Disturbances in Honduras do not construction of the three first-class battleaffect the peace of El Salvador. Our gov- ships, one first-class armored cruiser, two steel training ships and one wooden brig the bill allows the selection of two midshipmen for each senator, representative and delegate, thus doubling the number. The committee says that with the present deficiency of 577 officers, and with the number of officers that will be required for the ships in process of construction, the deficiency in the number of officers at the end of four years will be 1,360 unless additional midshipmen are authorized. Further provision is made for the appoint ment of twelve ensigns from warrant officers,

additional lieutenant commanders, fifty adsistant surgeons, twenty-nine naval conadjutant and inspector with rank of major, two assistant adjutants with rank of major, one assistant quartermaster with rank of lieutenant colonel, five assistant quartermasters with the rank of captain, two assistant paymasters, and 679 more enlisted

The limit of cost for the building of the Naval Academy is to be increased from \$8,000,000 to \$10,000,000. The sum of \$400,000 is appropriated for an experiment station and testing laboratory in the department of marine engineering and naval division.

WASHINGTON, Feb. 6.-General debate on the anti-trust bill closed in the House shortly before 6 o'clock this evening. The

The ambassador fixed the figure at £5,000, which Mr. Bowen promptly agreed to pay. This was early in the nego-tiations, and it is now said that neither the German nor the Italian representative knew of this agreement until Mr. Bowen, at the Monday conference, alluded to it as a matter of course. They apparently took little notice of the reference at the time. Mr. Bowen soon allayed their apprehensions by promising at yesterday's meeting with Count Quadt to pay the German and Italian claims of the same character as the British claims, and so the allies were again placed on the same footing, Mr. Bowen meanwhile making it clear that he had no thought of discriminating between them, and that he supposed that all knew what he had been doing.

The State Department has been advised that great misery exists in Caracas and along the Venezuelan coast owing to the existence of the blockade. This adds to the desire of the government here, in the interest of humanity, to have the blockade raised as soon as possible.

BOWEN AND HERBERT.

Incident of Monday.

WASHINGTON, Feb. 6.-Confirmation of

the London dispatch of yesterday to the effect that Mr. Bowen and the British ambassador at their interview on Monday had a somewhat heated argument was obtained here to-day. Indeed, it is stated that should the character of the cablegrams that the British ambassador has been sending to his government regarding the attitude of Minister Bowen become public the country matic incidents. It is the opinion of the Venezuelan negotiators other than the British ambassador that the latter is directly responsible for the abrupt breaking off of negotiations with Mr. Bowen. It is the opinion in official circles here that Minister Bowen has an absolute right, acting for Venezuela, of course, to object to President Roosevelt's acting as arbiter. To do admiration for Mr. Roosevelt is well known, but he feels obliged to keep well in mind the fact that he is here not as an American, but as a representative of Venezuela. The British ambassador's conduct has resulted in several important details of the momentous conference of Monday last leakby the other negotiators present. It seems that when the British ambassador, who took the lead at this conference, had finished reading the cablegram of Lord Lans-20 and 10 per cent. division of the custom receipts of Puerto Cabello and Laguayra between the allies and the other claimant nations, respectively, Mr. Bowen at once remarked in an emphatic tone that the proposition was but another scheme to trick Venezuela into abetting an alliance against her for six years and probably longany scheme for continuing the triple alliance one day longer than he was forced to. Mrs. Winslow's Soothing Syrup.

Has been used for over fifty years by millions of mothers for their children while teething with perfect success. It roothes the child, softens the gums, allays pain, cures wind colic, regulates the bowels, and is the best remedy for diarrhoea. For sale by druggists in every part of the world. Be sure and ask for Mrs. Winslow's Soothing Syrup. 25 cents a bottle. whether arising from teething or other causes.

Gently smear the face with CUTICURA OINTMENT, but do not rub. Wash off the Ointment in five minutes with Cu-TICURA SOAP and hot water, and bathe freely for some minutes. Repeat this treatment morning and evening. Use CUTICURA SOAP alone, with hot water, at other times, as often as agreeable.

N. B.—A sluggish condition of the stomach, bowels, liver, kidneys and bladder, as well as of the uterine functions is often the cause of facial eruptions which the CUTICURA RESOLVENT PILLS readily correct, while clogging of the pores or sebaceous glands is prevented by CUTICURA SOAP Sold throughout the world,
